Salesperson

- . John leads the product lines of Premium and Classic.
- . Though Paul does not lead in any product line, he stays consistent.
- . Linda leads the Basic Sales and outperforms all reps in that category
- . Unfortunately, Victor has the lowest performance across all products.
- . - Recommendation for Victor: Either reassign Victor to support other reps to gain experience, or completely remove him and hire a more competent Salesperson.

Regional

- . South is the top performing region leading in all product types.
- . East underperforms. not completely, but still underperforms compared to other regions.
- . - Recommendation: Give me more deals and price adjustment strategies. Promote the products and its good effects.
